

# Nevada Division of Public and Behavioral Health

Snapshot of Substance Abuse and Mental Health Services Administration (SAMHSA) Funding, August 2017

The fiscal year (FY) 2018 President's Budget Request is \$3.9 billion, a decrease of \$399.1 million from the FY 2017. This budget request seeks to advance SAMHSA's mission to reduce the impact of substance abuse and mental illness on America's communities. The need to advance the nation's behavioral health is more apparent than ever. Along with other behavioral health priorities, the proposed budget aims to combat the nation's opioid crisis, address serious mental illness, and continue to develop and implement strategies to prevent suicide. ## How does Nevada Measure Up?

## Summary of Grants

### Projects for Assistance in Transition from Homelessness

Projects for Assistance in Transition from Homelessness (PATH) funds services for people with serious mental illness (SMI) experiencing homelessness.

- ✓ Outreach services
- ✓ Screening and diagnostic treatment
- ✓ Habilitation and rehabilitation
- ✓ Community mental health
- ✓ Substance use treatment
- ✓ Referrals for primary healthcare, job training, educational services, and housing
- ✓ Housing services as specified in Section 522(b)(10) of the Public Health Service Act

### Cooperative Agreements to Benefit Homeless Individuals

Cooperative Agreements to Benefit Homeless Individuals (CABHI) grant and CABHI Enhancement increases capacity to provide accessible, effective, comprehensive, coordinated, integrated, and evidence-based treatment services; permanent supportive housing; peer supports; and other critical services.

- ✓ Individuals who experience chronic homelessness and have substance use disorders (SUDs), serious mental illness (SMI), serious emotional disturbance (SED), or co-occurring mental and substance use disorders (CODs); and/or
- ✓ Veterans who experience homelessness or chronic homelessness and have SUD, SMI, or COD; and/or
- ✓ Families who experience homelessness with one or more family members that have SUD, SMI, or COD; and/or
- ✓ Youth who experience homelessness and have SUD, SMI, SED, or COD.

### Statewide Cooperative Agreement to Improve Youth Treatment

Strategic Prevention Framework - Partnerships for Success grant is designed to address two of the nation's top substance abuse prevention priorities: 1) underage drinking among persons aged 12 to 20; and 2) prescription drug misuse among persons aged 12 to 25. The SPF-PFS grant program is intended to prevent the onset and reduce the progression of substance misuse and its related problems while strengthening prevention capacity and infrastructure at the state, tribal, and community levels.

### Statewide Cooperative Agreement to Improve Youth Treatment

Statewide Cooperative Agreement to Improve Youth Treatment (SYT) is to provide funding to states/territories/tribes to improve treatment for adolescents and/or transitional aged youth with substance use disorders (SUD) and/or co-occurring substance use and mental disorders by assuring youth state-wide access to evidence-based assessments, treatment models, and recovery services supported by the strengthening of the existing infrastructure system.

### Substance Abuse Block Grant

The Substance Abuse Block Grant (SABG) program provides funds and technical assistance to all 50 states, the District of Columbia, Puerto Rico, the U.S. Virgin Islands, 6 Pacific jurisdictions, and 1 tribal entity. Grantees use the funds to plan, implement, and evaluate activities that prevent and treat substance abuse and promote public health.

The SABG program targets the following populations and service areas:

- ✓ Pregnant women and women with dependent children
- ✓ Intravenous drug users
- ✓ Tuberculosis services
- ✓ Early intervention services for HIV/AIDS
- ✓ Primary prevention services

### State Targeted Response to the Opioid Crisis Grant

State Targeted Response to the Opioid Crisis Grants aims to address the opioid crisis by increasing access to treatment, reducing unmet treatment need, and reducing opioid overdose related deaths through the provision of prevention, treatment and recovery activities for opioid use disorder (OUD) (including prescription opioids as well as illicit drugs such as heroin). These grants will be awarded to states and territories via formula based on unmet need for opioid use disorder treatment and drug poisoning deaths.

### Community Mental Health Services Block Grant

The Community Mental Health Services Block Grant (MHBG) program makes funds available to all 50 states, the District of Columbia, Puerto Rico, the U.S. Virgin Islands, and 6 Pacific jurisdictions to provide community mental health services.

- ✓ Adults with serious mental illnesses. Includes persons age 18 and older who have a diagnosable behavioral, mental, or emotional condition—as defined by the Psychiatric Association's Diagnostic and Statistical Manual (DSM) of Mental Disorders. Their condition substantially interferes with, or limits, one or more major life activities, such as:
  - ✓ Basic daily living (for example, eating or dressing)
  - ✓ Instrumental living (for example, taking prescribed medications or getting around the community)
  - ✓ Participating in a family, school, or workplace

- ✓ Children with serious emotional disturbances. Includes persons up to age 18 who have a diagnosable behavioral, mental, or emotional issue (as defined by the DSM). This condition results in a functional impairment that substantially interferes with, or limits, a child's role or functioning in family, school, or community activities.

### Assisted Outpatient Treatment Grant Program for Individuals with Serious Mental Illness

Assisted Outpatient Treatment Grant Program for Individuals with Serious Mental Illness (AOT), also known as involuntary outpatient commitment, conditional release, and other terms, involves petitioning local courts to order individuals to enter and remain in treatment within the community for a specified period of time.

AOT is intended to facilitate the delivery of community-based outpatient mental health treatment services to individuals with SMI that are under court order as authorized by state mental health statute.
